Bridge over the Passaic River, replacement; Vicinity of Main Avenue to vicinity of Route 17, service road operational improvements

This project will provide for safety and operational improvements from west of the Route 17 interchange in Lyndhurst to east of the Main Avenue interchange in Clifton. Improvements include the replacement of eight structures (Route 3 over Passaic River, Route 3 over NJ TRANSIT, Route 3 over Lower Pond, Route 3 over River Road, Route 3 over Route 21 ramps, Park Avenue over Route 3, Ridge Road over Route 3, and Orient Way over Route 3), addition of a 12-foot auxiliary lane eastbound and westbound to alleviate the congestion experienced through the corridor during peak periods, specifically at the ramp merge points and the Passaic River Crossing. In addition to the auxiliary lanes, standard acceleration and deceleration lanes will be provided to safely transition vehicles to and from the highway. The existing roadway is a limited-access urban freeway/expressway and does not contain special provisions for bicycle and pedestrian compatibility; the proposed project does not change the existing conditions.

Southbound Truck Weigh Station, Bergen County

This project consists of construction of truck weigh and truck inspection facilities on the southbound side of I-287. It will weigh trucks destined for both I-287 southbound and NJ Route 17 southbound. The project includes weigh-in-motion scales, static weigh scales, paving, grading, drainage, utilities (relocation and new services), striping, electrical, lighting, and landscaping. The facility consists of internal roadways, approximately 40 parking stalls for trucks, twenty stalls for autos, an inspection building and pit, a control tower of approximately 10,000 square feet, salt storage barn for Local, County and State use, and expansion of the existing Mahwah composting/recycling area currently on the site. This project includes major improvements to the NJ 17/Stag Hill Road intersection including lengthening the acceleration lane onto Route 17 southbound. Stag Hill Road, between I-287 and Route 17 (less than 1 mile), will be widened to provide two eastbound lanes and one westbound lane (currently one lane each direction). A deceleration lane into and acceleration lane from the weigh station will need to be provided along I-287 southbound. The I-287 bridge over the Ramapo River will require widening to accept the acceleration lane from the weigh station.
